HB4074

I, a registered nurse who currently works on the medical surgical floor oppose HB 4047. This bill does not support safe patient outcomes. Increases the risk of harm to sick patients who are already in vulnerable state of health. This bill is a step backward for healthcare. I do not believe it is in the best interest of the people who will be impacted by this the most, the workers and patients. Please oppose HB 4047.
