I believe that the citizens of Oregon should be allowed to vote on such a controversial issue that is currently happening in our state. Allowing law enforcement agents to cover their faces & approach anyone without no identification should not be allowed. I often think, what do I do if someone comes to my door or pulls me over while driving? If they offer no identifying information I will be fearful for what their intentions are. I should not have to second guess who they are.

What is to keep an imposter from carrying out horrendous crimes against another human?

It simply makes no sense.

Law enforcement should proudly show their faces & provide identification. We should not fear them. Let's get it on the ballot & let voters decide.
