

Submitter: Deborah Curtis

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

Dear Committee Members,

I urge you to oppose HB 4105. Flora, fauna, water and soil affected by logging can take a century to recover, if ever. For what? To sell logs overseas? State forests are our heritage and will hopefully remain for generations to come. Please do not sell off our irreplaceable forests for profits in the short-term. Thank you!
