HB4018

I have been proud of Oregon and our elected officials for standing up for what is good and right, most of the time. Campaign reform is imperative to making sure our Senators and Representatives represent their constituents and not big business and the wealthy.

Please do not squander the trust and respect you have earned from Oregonians by passing anything that would weaken hard won campaign reform and allowing the rich and powerful to continue having exponentially more influence than the vast majority of the people who voted for you.

Sincerely,

Michele Veenker
