2026-302
Measure, Appointment or
Topic: SB1599

I oppose moving the transportation tax referendum to the May ballot. History proves that there is low voter turnout for the May primaries. We worked very hard and gathered more than enough qualified signatures to have this referendum placed on the November General election as was stated on our petition sheets approved and issued to us by our secretary of state. As a tax paying citizen we want to be respected by our representatives and have our voices heard. No taxation without representation.
