Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or SB1599  
Topic:

When Oregonians delivered 250,000 “pieces of coal,” (that’s signatures, for you unimaginative/dense Democrats) into Kotek’s stocking (Ho, Ho, Ho), what that petition said is that we don’t want more taxes, we expect Democrats to tighten their belts, and that we intend on voting against this tax increase in November, as the date prominently stated on the petition.

We don’t want our hard earned money to pay for your insane policies, your insane pet projects, your ideological fantasies.

ODOT has plenty of money to fix the roads. Do your jobs and reallocate money from their budget to do so...their number one most important duty:

Taking care our roads.

We shouldn’t have to ask our so called “leaders,” to quit picking our pockets in the first place. And, shame on you for attempting to usurp democracy by weaseling this vote forward to the acknowledged lesser turnout election in May.

You do not have our consent, creeps!

You layed your beds by pushing Kotek’s crazy idea to rob Oregonians forward in an emergency session, now you’re going to have to sleep in it...just like we have to sleep in our beds every night in the State of Oregon you nasties seek to destroy.

Shame on you Democrats.

Shame, Shame, Shame.
