

*I oppose House Bill 4105 and its amendments. This timber industry bill undermines the state forest habitat conservation plan and would result in more clearcuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage.*

*I urge you to oppose this bill. Instead, I encourage this committee to focus on why our state is so beautiful! What have Oregonians always fought for! Do not have your signature be the reason Oregon gets destroyed! Be the person to fight for the best decision for all not just the 1%! Start educating the youth to love our state and the natural beauty that surrounds them! Please don't let this bill pass out of committee.*
