SJR203

I noticed that all the people that are supporting this bill are all using the same testimony. This should give us a clue that the Democrats do not have mind of their own. I oppose this measure because we have protesters such as Antifa who hide their faces. Why are they allowed to do it, but our officers are not. Our officers are trying to keep the peace. Unmasking them puts that at risk for doing their job. It puts them at risk of being identified and puts their families at risk of harm.

Please vote "NO" on this bill.
