Senate Committee On Judiciary

Measure, Appointment or Topic:

SJR203

People in positions of power need to be held accountable for their actions. Wearing masks and hiding one's identity while performing the types of tasks that law enforcement workers do obstructs the public and lawmakers from holding them accountable. We need to ensure the entire establishment is honest, maintains integrity and professionalism, and can correct its staff's behavior if necessary and that is not possible with masks and hidden identities.
