

Submitter: Maureen Hurley

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

In the interests of public health and quality of life I urge you to oppose HB 4105. This is more important than profits to a select group. This involves climate change, the priceless beauty of the state., the treasures that ease tensions in troubled times like these. Choose another way to attain your goals.

Sincerely
