Topic: SB1599

Voters in Oregon overwhelmingly oppose the major increases in transportation taxes and fees. We demonstrated this by signing the petition in unprecedented numbers and those signatures on the petition need to be honored. This was to be on the November 2026 ballot. Governor Kotek and the Democrat supermajority in the legislature should not be allowed to put this on the primary ballot where independent and nonaffiliated voters will not be able to vote. I oppose this bill.
