

Submitter: Ed Boyd

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4106

I am writing in opposition of this bill, not only do law enforcement have a very bad track record of using unnecessary and violent force against people, but can not be trusted to make these choices that don't benefit them. In a country where innocent people are simply not complying can easily become a death sentence the law enforcement should be held to highest standards of the law and not given immunity that is not deserved and will cost more lives, especially those in marginalized groups such as disabled people.
