

Submitter: John Martin

On Behalf Of:

Committee: House Committee On Transportation

Measure, Appointment or Topic: HB4085

I do not support the use of autonomous vehicles in my city of residence. These vehicles have proven to be dysfunctional at best and dangerous at worst when technical problems arise, and are disruptive in areas where they are all parked together. This would also cause further strain on a city that already has traffic issues. Let's not put additional gas-powered vehicles on the road.
