

Submitter: Joseph DAmbrosia

On Behalf Of:

Committee: House Committee On Transportation

Measure, Appointment or Topic: HB4085

I oppose having autonomous vehicles in Oregon!

What happened when the power goes out? They all stop working causing massive safety issues for those of us on the road.

Furthermore, they use real people thousands of miles away in the Philippines to help drive the autonomous vehicles, which is highly irresponsible and problematic.

Please, oppose this bill!
