Measure, Appointment or  
Topic: SB1599

Dear Committee, I cannot think of a more critical element in representative government than to literally represent your constituents. That's the point. If you move forward, you are carrying out your political wishes as a party, and as elected officials, INSTEAD of the wishes of the people. The people followed the constitution. You are making up new legislation to further your own goals. The referendum should have told you that the people disagree with you. But you are obviously not listening. What a sad day for the citizens to have a government that ignores them, it really should make you drop SB 1599. I oppose SB 1599.
