Measure, Appointment or Topic: HB4106

I strongly oppose this bill, no one, not police officers, ICE, congress or the president should be immune from consequences or given permission to be above the law and need to be held accountable for their behavior. It is sad that our people need to be protected from those who are supposed to be protecting us. This bill gives more power to the corrupt and should not be passed. On a second note, do your job as our legislative branch, stop the horrendous atrocities that this government is imposing on its own people. You took an oath to protect the people so stand up and do your job.
