

Oppose SB1559

I am writing in opposition to proposed SB1559 and ask that the political theater regarding this issue cease and desist, and to let the process work as intended. In record-breaking numbers, Oregonians signed Referendum Petition 2026-302 with the expectation that it would appear on the November 2026 Ballot. The political maneuvering that occurred prior to, and following, that successful petition is a bit disturbing and is having many Oregonians feel disenfranchised by their legislators.

Despite whether one agrees with the referendum or not, the process as intended and customary should be followed. Let the voters of Oregon decide in November, both for this referendum, and for who they want representing them in 2027.
