Our area used to be supportive of small businesses and small farms. Greed and bureaucracy have made it more difficult for these small businesses to thrive. Let's not make it more difficult for our local farms and businesses. It's part of what makes our area great. Please support this bill so friends and family that have local farms aren't pushed out of business. Many already have to take on second jobs just to pay the bills instead of focusing on the small farms and businesses that are lovingly cared for.
