Senate Committee On Health Care

Measure, Appointment or Topic:

SB1570

Please support this important bill. I believe that safe healthcare for all is extremely important in Oregon. We have friends and acquaintances who must not be fearful of showing up for preventive and/or emergency care. Cancelling appointments can be life threatening. Barriers for some demographics is not the equal access I expect to see here in Oregon. We must also keep data private for all and remove federal law enforcement from emergency premises as necessary for procedures. After the committee review I strongly as that you take this bill to the floor.
