HB4018

Oregon must continue to desperately fight for Campaign Finance Reform! After early hearing, proposed actual bill language was released– a complex 84-page amendment that would double some of the campaign contribution limits, multiply others exponentially, and delay parts of the bill until 2031. This is a damnable nightmare that must be rejected. It is the Citizens of Oregon who should hold the power in our elections. If you give a damn about anything, give a damn about getting corporations out of the election corruption business. Give us REAL campaign finance reform!
