Topic:

There is no emergency that justifies skirting voters voice and vote in the November Elections. Raising Taxes via not allowing time and voter turnout is like skirting democracy. Oregon Government already doesn't account for the budget it spends. Raising new Taxes Californicating Oregon--MUST stop. Just because it's being down in California, is NOT a good reason to do it in Oregon.

The one party politics as usual in Oregon needs to stop. Let anything expanding government and taxes go in a normal time frame before the majority of voters in a well attended voter turn out election.

Thank you,
Tony
