Committee: Senate Committee On Transportation

Measure, Appointment or Topic: SB1542

Dear Chair Gorsek, Vice Chair Weber, and members of the committee,

I urge you to pass Measure What We Drive (SB 1542) and Guardrails for Good Governance (SB 1543). These bills help make our transportation sector safer, more affordable, and accountable, while being environmentally friendly. In addition, the bills work together in aligning the state's transportation and legislative goals. Furthermore, the policies driven by these bills don't grind the gears of the state's economy with excessive debt, but boosts the impact of transportation funding.
