

Submitter: Skye Decker
On Behalf Of:
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water
Measure, Appointment or HB4105
Topic:

Please consider the facts and dangers this bill proposes. We do not collectively need more damage done to our forests. Clearcut and replanting monoculture forests which take a very long time to be of use again (and minimal at that compared to varied old growth forests) to wildlife is a waste of taxpayer money. We need to preserve and expand the nature that we already have for the health of our entire ecosystem.

Please see the below numbers:

"

Oregon State Forests Are Economic Powerhouses - As Intact Forests!

- 600,000+ acres of state public forestlands
- Drive a massive \$550M outdoor economy
- Support 10,500+ jobs
- Are home to six salmon stronghold rivers
- Are home to 17 endangered or at-risk species
- Provide clean drinking water for 500,000+ people
