Measure, Appointment or SB1599
Topic:

I was born in the 1940's, experienced the recovery of America from World War 2, Korean War, Cuban Missle Crisis...

I watched the assasination of American president John F Kennedy and His Brother , marched against the oppression of the black race in the 1960's

I won 5th place in the first Draft Lottery and went to Vietnam for my country. I have watced this country slide downhill since that event. I watched a son postpone his life to serve in the gulf wars .

I've been fortunate to live and work in multiple states in this country, and meet Americans, all with the same values of equal rights for everyone who lives in this country.

Then one day I moved to Oregon, bought a house, paid all my dues like a good citizen should. The first RED flag was obtaining a driver's license... what the heck is mail-in voting?

There is only ONE party in this state , I'm not invited, but I get to pay the bill. I've signed the petitions like 270,000 other concerned citizens and watched all of the antics of an

out of control dictator and her minions ignore the will of the people. We the people have spoken and you ignore the law.. Keep the fall ballot as scheduled !
