Measure, Appointment or Topic: SJR203

I OPPOSE SJR 203. At some point sanity must return to the liberal, criminal enabling, anti-Trump obsessed legislators & voters of this state & return to support of all branches of law enforcement, enforcement of all fed'l laws, & enforcement of illegal immigration laws. Optional masking of law enforcement, especially when involved with illegal immigration enforcement in "blue states", is a fed'l agency policy question, a defense against harassment & violence question, and a protection against unwanted public disclosure of personal family information by agitators who have used it to commit crimes against off-duty fed'l law enforcement personnel. This nonsense of anti-cooperation & hatred of law enforcement simply to facilitate the enabling & empowering of illegal aliens & their advocates has got to stop. You, my legislators, would be much better advised to advocate legislation & referendums designed to support & cooperate with fed'l law enforcement. SJR 203 seeks only to step into & interfere with the longstanding management prerogative of fed'l agency uniform specs, fed'l agency policy, & fed'l agency tactical decisions. These are not the business of state legislators, no matter the sad feelings of legislators nor the complaints of a very noisy few. Kill this resolution, adopt a practice of multi-agency cooperation, & assist the fed'l agencies to remove law breakers, habitual or otherwise, from the honest segment of society & our state.
