HB4018

Our political system has become co-opted by big money. Senator Jeff Golden pushed hard to start reversing this very bad situation in our state of Oregon, succeeded in getting legislation that would make that possible by making reforms to allowable contribution amounts, and of course, big money doesn't like it. New legislative efforts to water down these reforms is being considered and I want to say as clearly as possible, this is not acceptable. Holding up the timeline for applying these reforms is not acceptable. HB 4018 seeks to hinder these reforms and should not be passed.
