

Submitter:

John Livingston

On Behalf Of:

Committee:

House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or
Topic: HB4105

HB 4105 would result in more clearcuts, less fish and wildlife habitat, and more lawsuits. We need to stop clearcutting on public lands to sequester more carbon in old growth forests and help our ecosystems that live in the forest. If we don't stop the clearcuts we'll have a permanently degraded landscape. Please do not let this bill pass.
