Measure, Appointment or HB4105  
Topic:

Dear Co-Chairs Helm and Owens and Members of the Committee,

I oppose House Bill 4105

Oregons Forrest's need to be protected. With all the cuts currently happening to our natural resources, we need to do our part to keep our beautiful for generations to come. I oppose house bill 4105 and urge you to do your part as well to not pass this bill.

This timber industry bill undermines the state forest Habitat Conservation Plan and would result in more lawsuits, less habitat for salmon and wildlife, more clearcuts and pesticide spraying that harm drinking water, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Sincerely,  
Angela Redden
