SB1528

I do not support Oregon Health Authority having any more power to mandate health issues on any citizen of Oregon, The CoVID response in Oregon proves that our Heath authority is politically captured by the democrat party and has not acted in the best interest of health for Oregon citizens. The fact that you are even trying to expand OHA is embarrassing not only to the medical profession but to regular citizens who have an average IQ. Only stupid people would support this and unfortunately we've elected a lot of low level IQ people. Stop being so stupid!
