Dear Co-Chairs Helm and Owens and Members of the Committee,

I oppose House Bill 4105.

Hello,

Preserving habitat applies to humans as a species as well as animals. We need clean drinking water, protected water sheds, plenty of preserved trees allowed to reach their maturity. Please place the welfare of the human race first above profits.

This timber industry bill undermines the state forest Habitat Conservation Plan and would result in more lawsuits, less habitat for salmon and wildlife, more clearcuts and pesticide spraying that harm drinking water, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Sincerely,
