When I signed the petition, I signed for this to come before the voters in NOVEMBER. First our governor tries to force taxes that her own party even hated signing on that were CLEARLY not needed, as not one employee has been fired. THEN she is trying to take control of something the voters overwhelmingly petitioned for. This is not okay. When will the Oregon government listen to those of us paying for all these taxes? As I watch business after business pull out of Oregon, I have to wonder if you are trying to destroy our state! It is time to listen to those who have elected you and to vote against this mess. Put this on the NOVEMBER ballot when most voters vote as the electorate asked. Thank you.
