On Behalf Of: FOLLOW THE DOTS BACK TO KOTEK
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: SB1598

Given the track record of Kotek, who has ignored and blatantly worked against the people of Oregon, to cause our demise, we have absolutely NO trust that she would appoint people in OHA who actually care about the health of people in Oregon. She appointed Dr Sejal Heath, the OHA Director, who then appointed Dr. Dean Sidelinger as State Health Officer and State Epidemiologist, and Dr Naomi Adeline Biggs, the Public Health Director for OHA.

We will NOT follow any "Standing Order" you develop, because we know you don't have our best interest at heart, and we certainly don't trust anyone you "appoint" to do your dirty work. WE WILL NEVER FALL FOR THE COVID LIES YOU FED US IN THE PAST and the way you tried to imprison people, for NO VALID, MEDICALLY AND SCIENTIFICALLY SUPPORTED REASON.

You can take a 6 foot distance from us, and STAY AWAY. Oregonians will follow the science, and not your lies. NO on SB1598
