Committee: Senate Committee On Commerce and General Government
Measure, Appointment or SB1580
Topic:

Oregon citizens are fighting for our lives to keep abreast of what is happening in this state and the Legislature. Without local journalism covering all important issues that effect us, we are blind! And if local journalism is not compensated or protected from the aggregators stealing everything, they will not survive.

SB 1580 Prohibits an online news aggregating platform from accessing for an Oregon audience the online content of a digital journalism provider without an agreement.

I fully support what SB 1580 purports to do!! Legislators need to take a stand on this issue, to protect us all.

Thank you
