

Submitter:

Jake Brown

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

We force vaccinations on animals that we own. No one has the right to force vaccinations on other sentient humans with unalienable rights.

SB 1598 undermines bodily autonomy and sets a concerning precedent for government overreach into personal healthcare decisions. Public trust in medicine is built through transparency and choice, not coercion.
