Resources, and Water

Measure, Appointment or Topic: HB4105

Dear Co- chairs Helm and Owen's ,and members of the committee,

I oppose house bill 4105 and its amendments and I urge you to also oppose this bill. This bill would prioritize clear cutting forest over other critical issues such as clean drinking water, clean air, wildlife habitat, and outdoor recreation. Our state forests are worth more standing and it's unacceptable to prioritize timber harvest over all these other important values. To do so would be very shortsighted and irresponsible as it would jeopardize the welfare of our state in so many ways.

Thank you for your time and I hope you will consider the severity of your vote on this bill. Our children and grandchildren are relying on your good judgment.
