As a native Oregonian I strongly object to the attempt to invalidate the will and direction of the people. We have given you very clear instructions in accordance with our state constitution, to refer the tax proposal for our up or down vote on the specified November 2026 ballot. 250,000 of your bosses mandate it. 1599 is an attempted end-run showing your disrespect for us. Give the citizens you supposedly "represent" what they have lawfully obtained; the right to a fair vote at the time WE approved.
