

Submitter: Kellie Steiner

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

Dear Committee Members,

Please do not approve this bill. State Forests are our last stand against the complete destruction of our forests. These large stands are a carbon sink that would be irreplaceable. It would destroy critical habitat for fish and animal life. Please for the sake of future generations and our planet do the right thing and oppose this bill. If God was a tree would you destroy it?
