

Submitter: Alan Kirk

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I strongly support SB 1598 and urge you to pass this bill. My father was a practicing pediatrician and also worked with the Michigan Department of Public Health. Both in private practice and through the public health programs he managed, he saw first-hand the need for, and the effectiveness of, easy access to vaccines by parents who wish to immunize their children. This bill will protect such access to evidence-based disease prevention for those who want and need it. Thank you for considering my views.
