House Committee On Rules

Measure, Appointment or Topic:

HB4002

Dear Chair & Committee Members:

There are way too many bills introduced in a typical legislative session. This bill apparently doesn't limit the number of committee bills which you know fully well would be a means to make up any loss in individual bills. 25 is a good start but 20 or fewer would be better. And please put a limit on the number of committee bills as well because the individual limit will be meaningless without that.
