Changing 2026-302 to May 19, 2026, is or at least should be beneath the dignity of your positions in government. What has happened to fair play in Oregon? Have the members of the Democrat party always cheated at whatever game is being played? There's an old saying; Winners never cheat and cheaters never win, think about this as you ponder your position on this bill. My parents were lifelong Democrats, but they would be aghast at what their party has become.
