SJR203

As an elder member of the city of Eugene, a retiree of the University of Oregon and a member of SEIU I support SJR203.

If we don't have laws, we have a country of vigilantes. The Federal officers sent to our cities throughout the United States including Eugene, are untrained in law and order and de-escalation. Their mission seems to be one of harassment and fear especially against people of color and women. Their tactics mimic those used by Hitler as he rose to power in Germany. What have we learned from history? How long do we wait before we do everything in our power as peaceful citizens to stop the escalation of this violence. This is the government our forefathers warned us about.
