Re: Testimony in opposition to HB 4018-6

Date: February 11, 2026

I am a Portland resident writing to you on my own behalf to strongly oppose HB 4018 -6.

This 84-page amendment replaces a one-page study bill, apparently an attempt to gut the original intent of HB 4024. It was posted after close of business the night before the hearing was scheduled for a hearing at 8am the next day. In addition, 4018-6 was developed without involvement of the campaign finance reform community. This is neither a transparent nor an inclusive process and quite the opposite.

I urge the Committee NOT to pass HB4018 -6 and urge the SOS to work closely with the campaign finance reform community to get HB4024 implemented on time.

Respectfully Submitted,

Clifford Temple
