On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB4113

To the committee:

I wholeheartedly support the provisions of HB4113 multiple grounds. First I support the permanent preservation of the Metolius Basin, a key part of the bill. Second, I think it is only fair to resolve the long running issues that followed from the 2009 Metolius legislation. HB4113 is a fair way to end this long running lack of decision on the proposal to compensate the original investors by tying a new proposal to workforce housing while securing permanent conservation of the Metolius parcel. Finally, this bill supports an increase in much needed housing for the local workforce in the area. Please support HB 4113.
