

Submitter: Mary Hatz
On Behalf Of:
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB1586

I am venimenytlly opposed to this land grab by senator sollman and those few who would profit from this. Data centers and other industrial warehouse's don't help feed or sustain people. As the world is changing we must understand that being able to grow and support our own population is a privilege beyond most people can comprehend. We saw during Covid how the supply chain falls and affects us all. Why would we destroy our history, present and future for a parasitic industry. Please do your job and listen to the people. Think of our children.
