Respectfully I am against SB1599. The fact I even have to submit testimony over oregons government bending the rules is really aggravating. The gas tax should have never been rammed through, Kotek should have never sandbagged and ran the clock, and now this, hell no. The level of cheating is ridiculous! Is this the only way you succeed, by cheating. Such an enormous waste of time. Do you look around at the condition of Oregon ever? Quit screwing around and try helping Oregon residents for once!
