

Submitter:

Curtis Pearce

On Behalf Of:

Committee:

Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or

SB5701

Topic:

Grants Pass is in desperate need of these funds to expand our Industrially zoned properties and bring in more investment and jobs to our community. The city of Grants Pass has very little industrial property as of now and that hinders the growth of businesses like mine that require Industrial zoning for expansion. Manufacturing jobs are the sustaining force for any economy as they bring in outside funds to the local economy which in turn feeds all of the service sector jobs, local government, and not for profit organizations.
