Measure, Appointment or HB4105  
Topic:

I oppose House Bill 4105 because it would weaken long-standing protections for Oregon's state forests and prioritize clearcut logging above all other forest values. This bill puts timber harvest ahead of clean water, fish and wildlife habitat, recreation opportunities, and the critical role forests play in carbon absorption and storage. I am an avid fly fisherman and love the natural resources that Oregon provides. Please vote no on this bill. Oregon is known for its outdoors, don't ruin it!
