On Behalf Of:	REMEMBER 1st AMENDMENT
Committee:	Joint Committee On Conduct
Measure, Appointment or Topic:	SCR208

Remember the FIRST AMENDMENT RIGHTS we all have in Oregon. Anyone can say that a comment/political perspective is "offensive", which gets one in trouble.

I say, we all have a right to speak our opinion, and if you don't like that opinion, keep it to yourself, and we will give you the same courtesy. NO NEED FOR AN "EQUITY" OFFICER, which is another word for "you better be kind and buy into our DEI/LGBTQ ideology, or you will get in trouble"

We will continue to speak our perspective and you can't stop it. This is not Beijing, or Moscow, or Iran.....go there with your rhetoric and see how it goes over..... no better than it goes over here
