Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB1549

Increases the maximum allowable amount of political contribution on personal income tax as a credit, which is good so we can support those Republicans who don't receive all the out of state and out of country monies for their elections, like certain governors and US senators we know. Some of us, do it legally, and don't have a Soros type person who backs every evil program they can to destroy our state.
