

Submitter: Nancy Hiser
On Behalf Of:
Committee: House Committee On Emergency Management and
Veterans
Measure, Appointment or HB4032
Topic:

I live in Linnton and advocate for community safety related to the CEI Hub--a daunting and near impossible task given the amount of fuel stored here, in unsafe tanks, on liquefiable soil.

90% of the state depends on this fuel for emergency response.

It is imperative we reduce the burden of our local risk and the increase the safety of other OR communities without fuel resources.

This measure would take another step BUT more steps are needed and SOON.

Thank you for supporting this measure
